Thank you for your help and friendship

Dear Mr Mayor,

on Thursday last week I was informed that three packages from Huangshan/China have been delivered to the post room of Stralsund's municipality. The donation from Huangshan with 5.500 clinical masks and 2.000 gloves had finally arrived within a very short time.

On behalf of the people of Stralsund I would like to express my deep gratitude for your donation and the support which your city has offered in this hard time when all over the globe countries are facing exceptional situations due to the Corona Pandemic and are lacking medical protective products.

I deeply hope that the situation in your city and in the Anhui province has been improved meanwhile. I wish you and all Huangshan's people the best!

Thank you again and take care!

Yours sincerely

Dr. Alexander Badrow
Mayor
